**03–Sep–24**

# Migration switchover timeframe

	A-NZ RECEIVERS	A-NZ SENDERS
<b>FROM APRIL 2024</b>	<ul style="list-style-type: none"> <li>• Develop and deploy PINT A-NZ solution</li> <li>• <b>Must</b> support A-NZ BIS 3.0</li> </ul>	<ul style="list-style-type: none"> <li>• Develop PINT A-NZ solution</li> <li>• <b>Must</b> support A-NZ BIS 3.0</li> <li>• May send PINT A-NZ</li> </ul>
<b>FROM 15 NOV 2024</b>	<ul style="list-style-type: none"> <li>• <b>Must</b> support PINT A-NZ</li> <li>• Should support A-NZ BIS 3.0</li> </ul>	<ul style="list-style-type: none"> <li>• Deploy PINT A-NZ solution</li> <li>• Should send PINT A-NZ</li> <li>• May send A-NZ BIS 3.0</li> </ul>
<b>FROM 15 MAY 2025</b>	<ul style="list-style-type: none"> <li>• <b>Must</b> support PINT A-NZ</li> <li>• Remove support for A-NZ BIS 3.0</li> </ul>	<ul style="list-style-type: none"> <li>• <b>Must</b> send PINT A-NZ</li> </ul>

## Migration Switchover considerations

- Receivers have flexibility to deploy their PINT A-NZ solution anytime until **15 November 2024** when it must be supported.
- Post **15 November 2024** receivers should continue to support A-NZ BIS 3.0 until **15 May 2025** (no longer supported).
- Senders who choose to support only one specification at a time (i.e. switching from sending A-NZ BIS 3.0 only to sending PINT A-NZ only) have flexibility to deploy their PINT A-NZ solution anytime between **15 November 2024** and **15 May 2025** (PA preference to deploy PINT A-NZ as soon as practical).
- Senders who choose to support both A-NZ BIS 3.0 and PINT A-NZ have the option to choose which specification to send until **15 May 2025** (PA preference senders prioritise PINT A-NZ).
